WHAT WE'RE LOOKING FOR 🌴

Internship:	Creative, Design, Engineering & Production.
Language:	Preferred Dutch & English (other languages a pré).
Location:	Laan van Kronenburg 2, Amsterdam / Amstelveen.
Duration:	15 weeks - 6 months.
Days:	Minimum 4 days per week.
Study:	3th or 4th year.
Compensation:	€200 per month and commission.

YOUR PROFILE 🌴

Are you ready for a life changing experience at our company? We are looking for an enthusiastic and open person with a hands-on mentality. You like to learn a lot, so that's why you take the initiative in asking questions, applying your knowledge and will try to be a sponge for information and experience. We will teach & guide you with the tools you prefer. Almost everything is possible if you have the right argumentation for it. 4LittleBirds offers an internship with a wide range of projects, one day you could be working on the new Tropical Hangout model and the next you will assist in the design of a Heineken bar. Depending on our growth, also because of you, there will be opportunities for a contract after your study.

KEY PERFORMANCES 🌴

You will be part of the 4LittleBirds & Tropical Hangout design and development team and will be working closely with Kymo van Blokland & Chris de Haan. We're looking for someone with a Product Development background, preferably with some experience in 3D drawing and sketching.

Your weekly tasks are: (and we will off-course help you in every aspect):

- Creating concepts & ideas,
- Drawing & detailing,
- Transforming concepts to a product which can be produced,
- Finding manufacturers,
- Building prototypes & finalized models.

BONUS 🌴

What do we offer as a bonus?:

- Opportunity to start your own international projects! ☀️
- A creative & innovative environment (the Silicon Valley of the Netherlands)!
- Coziest (gezelligste) lunches with table-football and/or table-tennis after dinner.
- Best VrijMiBo's (VrijdagMiddagBorrels) & most fun colleagues in the world ❤️
